

## BSN NUR 220 Level Sequence

**Student should register for NUR 221 section first, and then select NUR 298 section with the matching section letter.**

There will be a SONIS block if you try to register for non-matching NUR 221 and NUR 298 sections. This will prevent you from continuing with registration and may cause you to lose your NUR 220 section.

Students should follow the registration instructions and prescribed course schedule options (#1-8 listed below), and do not deviate from the prescribed course schedule options. If you have your NUR 221 and NUR 298 courses but cannot register for the correct BIO 180 or BIO 215 sections, then STOP and do not continue to add mix matched sections. Only add the NUR 221 and NUR 298 courses and email the Registrar's Office immediately so we can override any registration issues, and register you for the sections of NUR 221 or NUR 298.
